The Ultimate Union Beer List

Each time you buy a union beer, you're helping support good middle class American jobs. Thousands of union members of all over North America produce quality beer and do so while earning fair wages and good benefits. These members belong to unions such as the United Food and Commercial Workers (UFCW), the International Association of Machinists and Allied Workers (IAMAW), the International Brotherhood of Teamsters (IBT), the United Automobile, Aerospace and Agricultural Implement Workers of America (UAW), and Operating Engineers and Stationary Engineers (IUOE).
