

Frank Burger Election Biography

I have taught in the Carman-Ainsworth School District for twenty (20) years, where I currently teach high school Biology and Physical Science. I'm asking for your support to continue to serve as your MEA Delegate. I currently serve as your President and represent you on the MEA Board, taking your voice to legislators in Lansing to stop the continuous string of attacks on school employees through budget cuts and the eroding of our collective bargaining rights. I have experience serving on the bargaining team since 1999. I'm ready to lead and fight for the rights of all union members.

**C-AEA
